All things are best from there side.

Good college

Rajshree Ma'am is best in teaching and making us understand every concept very well and in a friendly and motivating manner. Shailesh Sir is also so motivating...

I am glad that I have got such a good prof to teach me interesting subjects. I'm so happy that u part of my life to explain me hard topics projects. Thank you so much to clear my douth for subject and project.

Everyone has give me good knowledge about my subject and as well as about my career

Most of student complain that Mahesh sir unable to teach properly but problem is that students itself failed to pay attention while he is teaching. So most of the students will give lowest marks to Mahesh sir but its my humble request that dont consider them. Mahesh sir is best faculty ever.

Everyone taught us well, though there were sometimes network issues but still it was all good at the end.

Professors are good enough. College needs a lot of work to do, it is not proper organised and executed. While submitting the black book, the situation of covid was not taken in to consideration. Teachers were not wearing Mask. There was a hug line. Not managed properly. The A/C was also not working in the staff. There was no proper fan.

Professors are good but college needs to work on facilities. While submitting black book, we came to college and no proper covid precautions were taken. Staff wasn't wearing masks. Also the AC and fan weren't working properly in the staff room.

If the college augments some practicality in theory classes then it would be better.

There is some teacher ,we met him in online lectures so I don't know much about him cause in online lectures we can't intereste with him properly.

Best staff

All Good

Cost accounting maam has not provided proper notes and we did not understand what she taught

All teachers are very helpful we are glad to have them as our guide : thank you

Please keep Nihar sir in cost accounting and audit subject

In offline all are best but in online we students can't interact as we were in regular college lecture

All practical difficult to understand through online lectures still professor are trying to give their best

I think clarification is important and seatuation understanding is important also while everyone taking action accordingly.

PPT for reference should provide in microsoft teams some teachers provide PPT in whatsapp but it become difficult to find where it is

Quite happy with the teachers, and everything was so smooth in spite of the pandemic.

I really enjoyed the online mode of learning, I thought it was well planned and easy for me to follow i would like to thank you all my teachers' and we all students appreciate how hard you worked for us!

Good

Overall satisfied with his teaching

## **ACTION TAKEN**

The student's ratings those indicated dissatisfactory performance of faculty members have been highlighted (blue mark). The feedback was discussed with the respective faculty members and intimation was provided for improvisation.

Those faculty members whose performance was highly dissatisfactory will be discontinued from the next academic year.

For the improvement in the performance of the faculty members, the department informed IQAC team to arrange Faculty development programs for them.
